

Dear valued Aircraft Owner!

Congratulations, you have already made a powerful investment by purchasing an aircraft. Now it's time to have your airplane or helicopter ready for take off when you are, 24 hours a day and seven days a week.

Stromberg Aviation is a team of aircraft management experts that will take care of all your aviation needs, even providing a qualified pilot for your flight, so you'll never have to stress over the day-to-day details of owning an aircraft.

Lavish Offices Do Not Guarantee Great Customer Service

Stromberg Aviation is only focused on you, your aircraft and your safety - not how comfortable our office chairs are or what view we have outside our windows! By operating a streamlined business, we are able to pass our savings on directly to you. We use the space we need to house and maintain your aircraft, nothing more and certainly nothing less.

Your Total Care Package Awaits

- **24/7 Customer Service** – your aircraft will be ready for you, day or night
- **Aircraft Maintenance** – you never have to worry about repairs, parts or maintenance
- **Concierge Services** – we take care of ground transportation and hotel accommodations
- **Accounting** – we prepare statements, reports and tracking to your specifications

Whether you are the owner of a Single-Engine, Business Jet or Helicopter we will develop a custom proposal that fits your needs. We're standing by to answer your questions.

Call us today at **(866) 902 - 9448** or email us at info@StrombergAviation.com.

You can also visit our Web site at www.StrombergAviation.com.

Yours in Success,

A handwritten signature in dark ink, appearing to read "Mathias Stromberg".

Mathias Stromberg

President / Owner

Stromberg Aviation

P.S.: You are only one phone call away from having your aircraft ready to fly 24/7.
